

Donor Advised Funds

You Make the Difference

Each of us has one life to live...

One chance to leave the world better than we found it;

One opportunity to toss our pebble into the pond and watch the ripple we create;

One legacy to leave.

At CFAAC we know that every ONE of us makes a difference. That's why we are focused on growing philanthropy one person, one family, one business at a time. The more of us who give, the more good we can do for our community, together.

Opening your own Donor Advised Fund at CFAAC is the first step.

Individuals comprised 72% of the estimated \$358.38 billion contributed to nonprofits in 2014, surpassing the peak last seen before the Great Recession. A healthier American economy, as measured by multiple indicators, was the engine for the 7.1% growth donated in 2013.

Simplify Your Giving

With a single gift to CFAAC you can establish a Donor Advised Fund that allows you to give to the causes you care about most. It's like having your own private family foundation, only without the hassle and expense.

Make an Impact

As your partner in philanthropy, CFAAC helps you maximize your giving and make long lasting impact with your philanthropic investments.

Consult with Experts

CFAAC distributes nearly \$1 million dollars in grants each year to a variety of nonprofit organizations. We monitor all areas of community need—including human services, education, the environment, healthcare, the arts and economic development.

Choose Your Timing

Your gift to CFAAC, a 501(c)(3), qualifies for an immediate tax deduction, allowing you to make a gift when it's most financially beneficial to you. You can add to the fund at any time and in any amount.

Choose Your Nonprofits

Through your fund, you may recommend grants to any qualified U.S. nonprofit organization. Grants to international organizations are considered on a case-by-case basis. CFAAC staff researches each nonprofit you would like to support to ensure it is in good standing with regulators and then issues the check from your fund. And, at your request, we can make inquiries on your behalf while protecting your anonymity.
