

Community Foundation of Anne Arundel County

STRATEGIC PLAN

2021-2025

HISTORY OF CFAAC

In 1998, a group of forward-thinking community leaders took an adventurous step by forming the Community Foundation of Anne Arundel County (CFAAC) to ensure a better quality of life for all in Anne Arundel County by providing a permanent source of philanthropic support to nonprofit organizations serving their community.

Over the past 23 years, CFAAC has grown the total financial assets under management to more than \$20 million and 150 active funds. Thanks to the generosity of donors in the county, 4,070 grants totaling \$19,680,515 have been disbursed to over 1,004 unique nonprofits. We have also distributed \$538,395 in scholarships to graduating high school seniors. We are the largest institutional funder in Anne Arundel County.

Public, private, and corporate foundations serve as central pillars for the nonprofit sector in communities across the United States. There are a limited number of foundations located in Anne Arundel County and without CFAAC, a significant gap in funding would result for our local nonprofits.

Planning for the future is crucial. As local, state, and federal funding continue to decline, private donors are being called on to fill the gaps. At CFAAC, we believe we have more opportunity than ever to develop partnerships that yield real solutions to seemingly intractable societal challenges.

CFAAC's role is to inspire and grow philanthropy, help to identify critical needs, partner with donors to help them meet their financial and philanthropic goals, and promote collaboration to help strengthen local nonprofits.

It is a privilege to serve our community in this unique way. By partnering with individuals, couples, families, businesses, nonprofits, and other community agencies, we witness first-hand the results of generosity – both in time and money. We know that each one of us makes a difference. That is why we are focused on growing philanthropy one person, one family, one business at a time. The more of us who give, the more good we can do for our community, together.

Under the direction of the President and CEO and Board leadership in 2020, the Board of Trustees and Staff Team reaffirmed and refined our strategic plan by reviewing our history, confirming our primary constituents, and researching like-sized community foundation growth strategies and best practices. A Strategic Planning Subcommittee was formed, as a Subcommittee of the Fund Development Committee, to determine the final strategic priorities for impact and growth outlined in this document that will serve to guide the organization over the next five years. In addition, the following were also accomplished through the process:

- Reaffirmed CFAAC's mission, vision, and values
- Reviewed the internal and external landscape
- Identified organizational strengths, opportunities, and external challenges from community stakeholder's feedback
- Evaluated organizational operations, functions, and related systems

Thank you for taking the time to review this plan and for your ongoing support of CFAAC.
